3rd European Day: 11 October 2012 in Krakow, Poland.

Annual Meeting: 12 October 2012 in Krakow, Poland.

EUROPEAN NETWORK ON REGIONAL LABOUR MARKET MONITORING:

TOPIC 1

ANNUAL MEETING 2012: "Regional and Local Skills monitoring"

The next annual meeting will take place on **12 October 2012** in Krakow, Poland, hosted by the Labour Market and Education Observatory of Malopolska. The conference will cover the topic of regional and local skills monitoring based on the work done for the network anthology 2012.

The annual conference of the network is open to all interested persons and parties. It will provide the opportunity for a lively and intense discussion. The programme is still in progress and suggestions/ideas for programme items, experts and a keynote speaker are very welcome.

TOPIC 2

SPECIAL PROJECT OF POLISH NETWORK MEMBERS: Implementing Indicators of Youth Monitoring

At the conferences 2011 in Luxembourg a working group was founded to deepen applied concepts in youth monitoring nationwide in Poland. The aim is to develop common indicators and concepts about how to measure youth employment and unemployment and to implement them into regional and local labour market monitoring in different regions. Seven public employment service units from different regions meet on a regular basis to work towards an implementation of these indicators for measuring youth (un-) employment. The results of their last workshops are available [online](#). A comprehensive presentation of the interim results from this working group will be given at the next European Day 2012 in Krakow, Poland.

All network members who are interested are welcome to join this working group. For further information please contact the secretary of the *Initiative for Networking Regional and Local Labour Market Observatories Across Europe*, [Ruth Hasberg](#).

TOPIC 3

NEW FLYER FOR THE EUROPEAN NETWORK ON REGIONAL LABOUR MARKET MONITORING

The flyer with general information about the work and aims of the European Network on Regional Labour Market Monitoring is available in a new layout. Everybody is welcome to spread this document and to promote the European Network. To download the document please click [here](#).

INITIATIVE FOR NETWORKING REGIONAL AND LOCAL LABOUR MARKET OBSERVATORIES ACROSS EUROPE:

TOPIC 4

EUROPEAN DAY 2012: "Practical Approaches of Measuring Geographical Mobility in Regional and Local Labour Market Observatories"

The 3rd European Day will take place on **11 October 2012**, hosted by the "Regional Labour Office in Krakow – Labour Market and Education Observatory of Malopolska" in Krakow, Poland.

Based on the earlier work within the European Network on Regional Labour Market Monitoring in 2011 the *Initiative for Networking Regional and Local Labour Market Observatories Across Europe* has chosen to further the topic of geographical mobility. A practical approach to this topic includes discussions with experts in the field of regional and local labour market monitoring to further and specify concepts and instruments.

Proposals and ideas on the programme, experts and topics are still welcome!

TOPIC 5

SURVEY ON THE STATE IN IMPLEMENTING INDICATORS OF GEOGRAPHICAL MOBILITY APPLIED IN REGIONAL AND LOCAL LABOUR MARKET OBSERVATORIES 2012

The Scientific Committee is preparing a questionnaire and will invite all regional and local labour market observatories across Europe in June/July 2012 to assess their experiences with the application of indicators to measure geographical mobility and migration. The results of this survey will be presented at the 3rd European Day in Krakow 2012.

TOPIC 6

DATABASE OF REGIONAL AND LOCAL LABOUR MARKET OBSERVATORIES

The online database for a better and faster exchange, cooperation and communication between regional and local labour market observatories is successfully running. Information about the working fields, topics, expertise and knowledge of labour market observatories across Europe are shared within this database.

Everybody is appealed to promote this online [database](#) to enhance the quality and efficiency of this exchange instrument. All labour market observatories are welcome to register in this online database and to share information about their work, topics, expertise, etc.

For further information, comments and questions please contact the network manager Ruth Hasberg (Hasberg@em.uni-frankfurt.de).
