

EN RLMM Newsletter December 2014

Dear colleagues,

Traditionally, the last EN RLMM newsletter of the year is issued in December, containing the documentation of the Annual Meeting and the Call for Papers for the new topic:

1. EN RLMM Documentation 2014

On 22-24 September 2014, the **EN RLMM Annual Meeting** on the topic of Sustainable Economy and Sustainable Employment took place in Frankfurt. We would like to thank all the participants and share the interesting presentations and the results of our discussions with you. Please find attached the documentation of the Annual Meeting; the recordings of the event are also available on our website: www.regionallabourmarketmonitoring.net.

2. EN RLMM Call for Papers + Annual Meeting 2015

Next year, we'll be meeting in **Milan on 15-16 October** to discuss the issues connected using Big Data in labour market monitoring. As this is a new field which is currently constituting itself, we are looking forward to learning more about your experiences with using Big Data in your work, but also about the associated opportunities and challenges. Please find attached the **EN RLMM Call for Papers 2015**. The deadline for submitting short abstracts is 15 March – I look forward to hearing from you!

3. Cracow University of Economics Call for Papers

Please also find attached a Call for Papers by issued by the Cracow University of Economics, who is organising a conference on 23-24 April 2015 on “Economic Challenges for Higher Education in Central and Eastern Europe”.

And, finally, we would like to thank you for your time you dedicated to the EN RLMM and your good ideas you shared with us in 2014! We hope for an equally close and fruitful cooperation also in 2015 and wish you Merry Christmas and A Happy New Year!

Attached, please find a photo of our Annual Meeting in Frankfurt – we were very happy to host the event and look forward to seeing everybody again next year!

With best regards,

Christa and Sigrid
