

EN RLMM Newsletter (October 2021)

Frankfurt, 01 October 2021

Dear Colleagues,

We hope this month's newsletter finds you newly energised by last week's conference and eager for what is to come next. We for one found the conference proceedings stimulating and extend our thanks to all who participated.

A BIG THANKS TO THIS YEAR'S HOSTS IN ROMANIA

Thanks and salutations are in order to our Romanian hosts during the conference! Especially Prof Ciprian Panzaru and Dr Gabriela Negoita have made sure the conference proceeded smoothly and that all participants in Timisoara and online felt welcome. For the gracious hosting we extend our greatest thanks to Romania to all who have been involved in making the most of the 2021 conference. Thank you!

CONFERENCE DOCUMENTS

You can find all conference presentations using by following the link below. By clicking on individual titles of a presentation you will be forwarded to the respective document.

THE 2022 CONFERENCE IN SARDINIA ON 15th & 16th SEPTEMBER

We hereby invite everyone interested to save and forward the date for next year's conference in Sardinia. EURISPES will be hosting us on the 15th and 16th September 2022.

The topic of the conference is yet to be finalised but be sure to keep the dates in mind already. Sardinia and the 2022 conference met a general excitement for fully meeting face-to-face again.

BIG DATA KNOWLEDGE HUB

The BIG DATA KNOWLEDGE HUB is now open for use. All the network members who did not register yet, are invited to do so: <https://bigdatahub.uvt.ro>.

All network members with big data files they would like to share and discuss with other members are invited to upload them. Big Data files can be data from the internet or administrative data.

The objective of the BIG DATA KNOWLEDGE HUB is to improve the knowledge and the competences of the network members on BIG DATA through the use of the BIG DATA KNOWLEDGE HUB. Therefore, exchange among the network members is crucial (the use of the Hub is exclusively for network members). There is a forum on the hub for this exchange purpose. It should be further developed to meet the needs and interests of the network members as best as possible. The members of the Big Data Working Group ask for your support on this. Please have a look at the table attached to this mail and fill it in according to your needs and interests. Please send it in until the 20th of October 2021 to Christa Larsen (c.larsen@em.uni-frankfurt.de). Thank you for your support. In 2022 the members of the Big Data Working Group will try to establish the exchange in the forum according to your needs mentioned in the tables.

THE 2021 ANTHOLOGY

Lastly, below you can find the link to the publisher's website for the 2021 anthology on: "Transformations of Local and Regional Labour Markets across Europe in Pandemic and Post-pandemic times. Challenges for Regional and Local Observatories". On the website you can order the 2021 anthology and also find previous publications.
