Dear Colleagues,

today we would like to share some news about our upcoming conference in Potsdam with you and some information on projects and the Big Data Working Group.

Please find below some updates.

### THE 2023 CONFERENCE IN POTSDAM ON 28<sup>th</sup> & 29<sup>th</sup> SEPTEMBER

Have you already saved the date for our conference on **"Pathways of Greening Labour Markets. Opportunities and Challenges for Regional and Local Labour Market Observation in Europe and Beyond"**?

Please note, that the main conference will take place at **28<sup>th</sup> and 29<sup>th</sup> of September**. The Big Data Working Group will have a slot at the **27<sup>th</sup>** to work together face to face on current topics.

Please find attached some travel information if you want to book your trip.

Information on the conference program will follow soon.

### BIG DATA KNOWLEDGE HUB - ONLINE SEMINAR ON 29th JUNE – 13:00- 14:30

The Big Data Working Group from the EN RLMM European Network is pleased to invite you to participate in the fifth online seminar of the series **"Seminars of the Big Data Knowledge Hub"**. The seminar is scheduled for **Thursday June 29, 2023, 1.00 - 2.30 pm** (CET) and has the following title: **"Analysis of Online Job Vacancies and Occupations and Skills in demand in North Macedonia"**. The aim of the initiative is to offer an opportunity to deepen the network members' knowledge on how to use Big Data for labour market research and consulting by presenting practical cases and demonstrations. The presentation will be delivered by **Aleksandar Kostadinov**, and an expert will comment on the experience.

The online seminar will be held in English. To participate, please register in advance by providing your basic information (name, organisation and email):

### PROJECTS IN THE EN RLMM - Update on LMI-EUniv Project

As a significant milestone, the LMI-EUniv project has recently released comprehensive country fiches, offering individuals and institutions invaluable and up-to-date resources on the availability of labour market intelligence across Europe. This accessible and comprehensive information aims to support individuals, professionals, researchers, and HEI's decision-makers in making informed choices and formulating effective strategies, fostering better alignment between curricula and labour market needs. Developed in partnership with the West University of Timisoara, the University of Milano-Bicocca, the University of Tallinn, Prospektiker, and LISER, the LMI-EUniv project focuses to enhance data evidence-based decision-making for Higher Education Institutions. Visit the project's website: [www.lmi-euniv.eu](http://www.lmi-euniv.eu) to find out more information.

### A DAY IN POTSDAM – let's get inspired!

In Potsdam you will find many buildings from supposedly different countries in the world. Let yourself be inspired! You are welcome!
